

# Metakall User Trial Goes Live

**Metakall is currently running a user trial in Trinity. Trial users will receive a USB key containing the Metakall client, a headset for making VOIP calls and an account with free credit from freespeech.ie**

**There is also a bounty on any bugs found in the Metakall client or server.**

**For more information, go to:**

**<http://metakall.dsg.cs.tcd.ie>**
